## *WestJet Load Control Negotiations Update* *May 9, 2024*

---

May 9, 2024

Sister's, Brothers and Siblings,

Your Negotiations team through lots of dedication and time worked tirelessly over the last 8 months to bargain a first collective agreement for the Load Controllers for WestJet.

We are happy to announce that your Union and WestJet have reached a tentative agreement. Through this agreement, the WestJet Load Controllers will now be leading the industry here in Canada.

We will announce dates to meet with the membership to review the tentative agreement and to hold a ratification vote.

These dates will be in the coming days so please keep an eye out for the next update.

Your Negotiations Committee

Kevin Timms

Roger Leenders
